**Enlistment
Fraud Backed**

SAN FRANCISCO (AP) — A
soldier received some support
from the Army itself Tuesday
for his claim that his enlistment
was fraudulently obtained.

Hozie L. Achols, 21, of West
Memphis, Ark., had told the
U.S. District Court that although
he was classified 4F, he had
been induced to enlist on the
promise that he would be sent to
a school for chaplains.

Achols, accused by the Army
of refusing to draw a gun for
riot control drill, said that his
enlistment did not call for bear-
ing arms.

An Army spokesman disclosed
Tuesday that a court martial
board had dismissed this
charge, acknowledging that it
did not have jurisdiction.

**Arguments
in Rights
Slayings**

By JAMES BONNEY
Associated Press Writer
MERIDIAN, Miss. (AP) — An
all-white federal jury hears fi-
nal arguments today and starts
deliberations in the trial of 18
Mississippians charged with
conspiracy in the 1964 slaying of
three young civil rights work-
ers.

The jury of seven women and
five men must weigh testimony
from 155 witnesses.

Shortly after both sides rested
their cases Tuesday, U.S. Dist.
Court Judge Harold Cox rejected
motions for directed verdicts of
acquittal for 13 of the defend-
ants, but reserved judgment on
the remaining five.

Attorneys for the five main-
tained that their clients were
not linked in testimony in any
way with a conspiracy.

In taking the motions under
advisement, Cox said, "In a
conspiracy case, particularly
one of this kind, letting some
defendants off and keeping
some in at this point, the jury
might draw some conclusions
as to their guilt or innocence."

Among the 18 white men on
trial for conspiracy in the June
21, 1964, deaths of the three
workers during Mississippi's
long, hot summer of racial tur-
moil are a Ku Klux Klan chief,
two Neshoba County law
officers and the Democratic
nominee for Neshoba County
sheriff.

Judge Cox held in abeyance
acquittal motions for Neshoba
County Sheriff Lawrence Rainey;
former Philadelphia,
Miss., policeman Richard Wil-
lis; Olen Burrage, who owns the
property where the bodies were
found; Herman Tucker, a bul-
ldozer operator; and E.G. Bar-
nette, Democratic nominee for
sheriff.

The bodies of Michael Schwen-
ner, 24, and Andrew Goodman,
20, both white and from New
York, and James Chaney, 22, a
Meridian Negro, were found
buried in a Neshoba County
farm pond dam after 44 day of
intensive searching.

The Justice Department said
a conspiracy was hatched by
the militant White Knights of
the Ku Klux Klan to kill the
three civil rights workers.

Cox refused to closet the jury
during the trial, but continually
admonished panel members to
refrain from discussing the case
with anyone.

**Child Killed
in Accident**

PINE BLUFF, Ark. (AP) —
Bill Drake, 21-month-old son of
Mr. and Mrs. Richard Drake,
was killed Tuesday when the
car in which he was riding went
out of control of a curve, left
the pavement, struck a tree and
overturned on Arkansas 54,
about two miles southwest of
here.

State Police said H. Andrew
Mitchell, 49, Mrs. Drake, and
Bobby Drake, 2, all were listed
in serious condition at a hospi-
tal here.

**Brush Fires
Blamed on
Arsonists**

LOS ANGELES (AP) — Fire
fighters say arsonists may be
responsible for at least a third
of the 50,000 acres that have
been destroyed by Southern Cal-
ifornia brushfires.

One major fire still raged un-
controlled late Tuesday, a
7,000-acre blaze edging into Los
Padres National Forest north of
Santa Paula, about 50 miles
northwest of Los Angeles. Fire
officials said the blaze had a
perimeter of about 12 miles,
with about four miles of that
perimeter burning out of con-
trol, but that it was moving
steadily away from populated
areas and into rugged mountain
terrain.

An earlier fire in the Santa
Paul area roared across 15,000
acres and burned within a quar-
ter mile of the town before fire-
men brought it under control
Tuesday.

A spokesman for the Califor-
nia Division of Forestry said
Tuesday night arson investiga-
tions are being made in at least
three of the fires that have
blotched the hill areas since
Sunday.

Frank Crossfield of the divi-
sion said police and sheriff's in-
vestigators believe arson was
the cause of one of the major
fires that erupted Sunday in the
area of Simi, in the west end of
the San Fernando Valley about
20 miles east and south of Santa
Caula.

Crossfield said witnesses saw
three youths fleeing the area
shortly before the fire broke
out. The fire joined another
blaze to form a 25,000-acre in-
ferno.

He said the combined fire,
which raged out of control
through Sunday and Monday,
was 90 to 95 per cent contained
late Tuesday. It menaced the
town of Thousand Oaks and
forced evacuation of 50 homes
and two schools before firemen
and winis turned it back.

Crossfield said investigators
also believe arsonists started a
second fire in the Simi area
Monday night. That blaze de-
stroyed 2,000 acres before it was
brought under control Tuesday,
Crossfield said.

Two 16-year-old girls were ar-
rested in Simi Tuesday and ac-
cused of starting a fire that
burned six acres in a field adja-
cent to Simi Valley community
high school.

Ventura County sheriff's depu-
ties said the girls were seen
throwing burning refuse into the
field from the highway.

Fire officials said the rash of
fires had destroyed 42 homes in
Los Angeles and Ventura coun-
ties by late Tuesday.

**RUSSIA MAKES
(From Page 1)**

Immediate announcement, in
fact, Lovell said he got a tele-
phone call from a man at the
Communist party newspaper
Pravda in Moscow who had
heard nothing from Soviet
sources and wanted to find out
what happened to Venus 4.

But it seemed that the Soviet
Union had successfully sent a
2,438-pound package on a curv-
ing, 213-million-mile four-month
course in an effort to unlock
some of the secrets of earth's
cloud-covered sister planet 43
million miles away.

U.S. sources said 10 previous
Venus shots and seven Mars
shots, not all of them reported
by the Russians, had failed.

The 540-pound U.S. Mariner 5
spacecraft is due to fly past
Venus at a distance of 2,500
miles Thursday morning, car-
rying instruments to measure
the planet's diameter and as-
pects of its atmosphere. The
United States has launched two
probes toward Mars and three
toward Venus, with one of each
faring successful.

The American Mariner 2,
which passed near Venus in
1962, radioed that the planet's
temperature was about 800 de-
grees, too hot to permit any
kind of life known on earth.

Soviet scientists refused to
say definitely following the
launching of Venus 4 on June 12
whether it was meant to land
softly on the planet. But belief
that a landing would be at-
tempted was reinforced when
the Russians, in the first such
request in six years, asked Jod-
rell Bank to track the space-
craft because of its "extraordi-
nary importance and signifi-
cance."

**Administrator
Named by
Fort Smith**

FORT SMITH, Ark. (AP) —
Jack Shelley, 41, a native of
Fayetteville who has been serv-
ing as city administrator at San
Antonio, Tex., has been named
to a similar position here.

He becomes the first person
to hold the \$25,000-a-year job
since Fort Smith residents vot-
ed last August to replace their
mayor-council form of govern-
ment.

Shelley was selected by the
city's new board of directors
Monday night at a meeting in
which the directors also ap-
proved an 8 1/2 per cent pay
raise for city employees.

**State Changes
Method for
Vouchers**

LITTLE ROCK (AP) — The
state Administration Depart-
ment said Tuesday that it was
changing the method of prepar-
ing vouchers to eliminate some
of the paper work that various
agency heads had complained
about.

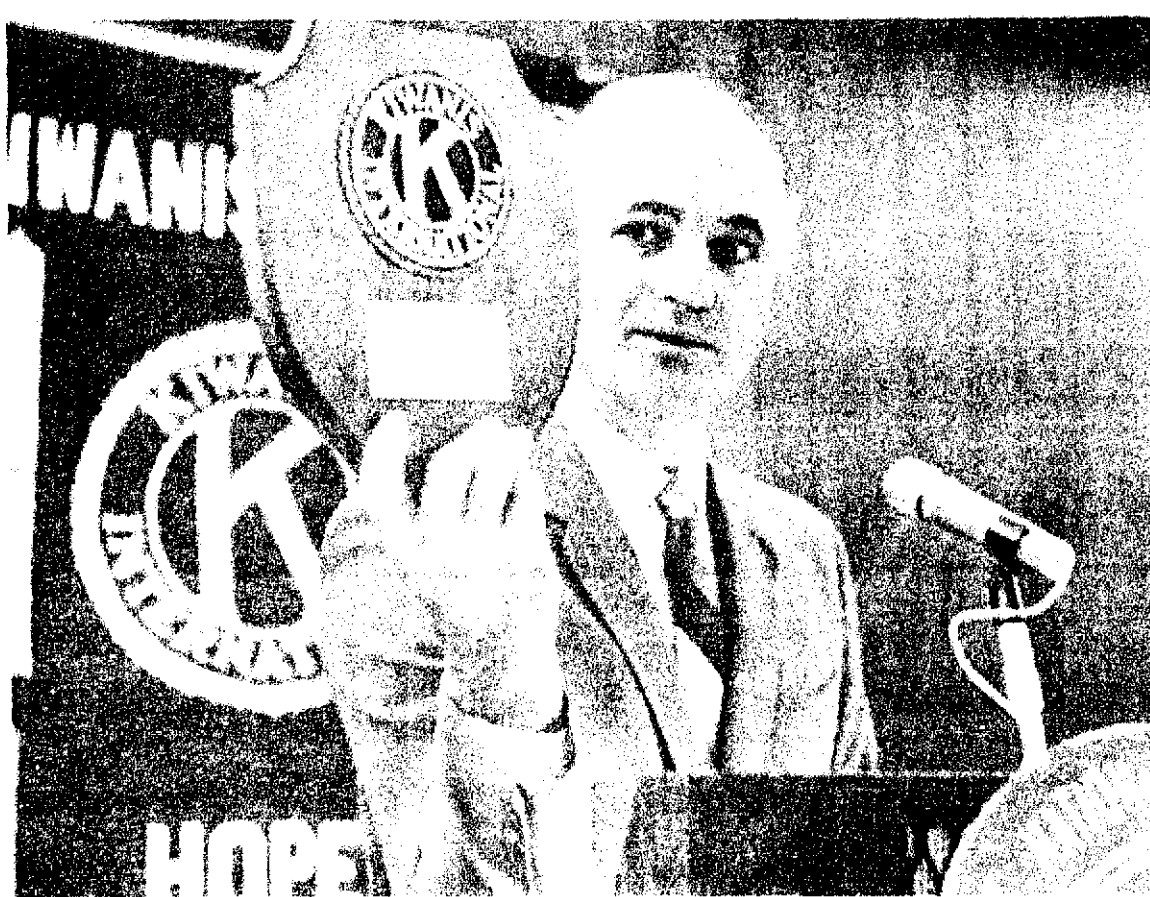

William W. Goodman Jr., the
department's systems analyst,
said that beginning next week,
separate vouchers wouldn't have
to be prepared to allocate gen-
eral expenses, such as utility
bills, for each type of activity
in which a state agency is in-
volved.

Beginning Nov. 15, he said,
payroll costs in each agency
won't have to be allocated
among the various activities by

DR. LYNN HARRIS HOLD ACHIEVEMENT AWARD

MR. JACK SHELLEY, B&PW PRESIDENT

Several members of the local
Business & Professional Wom-
en's Club were guests Tues-
day of Hope Kiwanis Club and pre-
sented a program in observance
of National B. & P. Week, Oc-
tober 14-21.

Pictured above, left to right,
are Mrs. J. L. Russell, the only
charter member of the club; Mrs.
George H. Brown; Mrs. Vera
Mann; and Mrs. J. L. Brown.

Mrs. Russell spoke first and
told of the founding of the first
club in the United States in 1917
which was a group of women
An organization of 100 women
born.

Mrs. J. L. Brown then told
of the club's growth and the
many projects it has been in-
volved in. She said the club
has been successful in raising
money for the United Way, the
American Cancer Society, and
the American Heart Association.

Mrs. Brown then presented
the achievement award to Dr.
Lynn Harris for her work in
the community. She said the
award was given to her for her
work in the American Heart
Association.

Calendar of Events

THURSDAY, OCTOBER 19

The Daffodil Garden Club will meet Thursday October 19 at 1 p.m. in the home of Mrs. Chris Petre.

The Golden Age Club will have its regular meeting at the youth center. Please take notice of the new time of 2:00 p.m. instead of 1:30 p.m. on Thursday.

There will be a regular meeting of the Career Girls Thursday night at the City Hall Courtroom at 6:30

The Rose Garden Club of Fulton will hold its regular monthly meeting Thursday, Oct. 19 at 7:30 p.m. in the home of Mrs. Herbert Cox. All members are urged to attend.

NEWCOMERS CLUB MEETS

Mrs. Keith Dixon's home was the setting for a dinner meeting of the Newcomers Club on Thursday, October 12. Fried chicken was the main course for the pot-luck meal served in an atmosphere enhanced by bronze chrysanthemums. Covers were laid for 13.

Mrs. James Argo was welcomed as a new member of the club. Several games were played with prizes donated by Ward's Drug Store, Lohman's Home-Center, and Oklahoma Tire and Supply Co. being awarded to the winners. The November meeting will be in the home of Mrs. Charles Carey, 1002 West 7th Street.

DUPLICATE BRIDGE CLUB

Mr. and Mrs. W. R. Clark of Prescott, Ariz., visited the Hope Duplicate Bridge Club on Monday, October 16 at the Diamond and took top scoring honors. Second high were Mrs. Harry Hawthorne and Mrs. Comer Boyett, and third were Dr. Lynn Harris and R. L. Broach. There were four tables of players.

LET'S TALK ABOUT MOVIES

By VELDA SEAMANS

If you didn't get to see "To Kill a Mockingbird" last night, you can see it tonight at the Saenger. Makes you feel happy and good all inside. Gregory Peck is great and has with him two youngsters whose performances will touch your heart.

John Wayne is back with adventure, danger and excitement in "HATAI", starting Thursday along with "It's a Wild World". This is a romantic comedy with Deborah Walley and Tony Kirk and The Animals.

At the Dixie, Friday and Saturday is a picture for racing fans. Racing on the tracks and thru moonshine country. "White Lightning Road". Every second is filled with lights, cracks,

MR. AND MRS. ROB JONES

Mr. and Mrs. Rob Jones will celebrate their 50th wedding anniversary on Sunday, October 22 from 2 p.m. until 5 p.m. with open house for all their friends and relatives. No cards will be sent. Hostesses will be: Mrs. Doug Mullins, Mrs. Bennie Goodwin, Mrs. Chester Hunt, Mrs. Stewart Hunt, and Mrs. Nora Russell.

HELEN HELP US!

by Helen Bottel

YOUTH ASKED FOR IT!

This column is for young people, their problems and pleasures, their troubles and fun. As with the rest of Helen Help Us!, it welcomes laughs but won't dodge a serious question with a brush off.

Send your teenage questions to YOUTH ASKED FOR IT, care of Helen Help Us! this newspaper. ADVISE TO DISCARDED WIVES Dear Helen:

I just had to pass on to "Heartbroken," whose husband has found someone else, a bit of advice. My dear husband also started following the skirts. Being his wife for 20 years, I knew something was wrong. So I took paper in hand and listed what was wrong with me— from a husband's point of view. I started listening to his small complaints and added these to my list.

After two weeks, I set a "new me" in action. First I tinted my hair to its pre-gray color. Then I lost five pounds, bought close-fitting, short skirts, flattering shoes, a nice gown and robe. I added wine with his favorite dishes: Set the alarm so I was up 10 minutes before him, this to transform me from the messy-haired old gal to the neat, trim little wife. Ten minutes before he is due home, I spend "making me up."

It took my man two weeks to notice the changes. Then he asked if I was interested in someone else. I told him, "No, I've just fallen for YOU all over again."

In a month, his affairs were settled, and OUR affair had just begun. That was five years ago, Helen, and I still work at being his "affair." We have such fun, being truly in love.

I've never mentioned the other women, but he knows I knew. To accuse him might break that special feeling.

Here are my two lists and what I did about them: FAULTS I FOUND WITH MYSELF

1. Graying hair, and a bit overweight. I tried a tint, an attractive cut and constant set, and a good diet.

2. Sleeps in, no breakfast. Now I'm up and perking every a.m. And I look like I enjoy it!

3. Always in slacks. No more! Unless they're feminine looking.

4. Too many lists which involve my husband. I no longer treat him as a handyman and errand-runner.

5. House clean but not really tidy. I have a regular pick-up detail each afternoon now.

6. Ironing never quite done. A new rule: Iron husband's things first, the rest is easy.

7. Small talk very small indeed, my main subjects, children, housework, etc. I joined a study session, got interested in social work, began to read good books and articles, stopped talking about "ME", substituted, "YOU" and learned to listen.

HUSBAND'S OCCASIONAL COMPLAINTS

1. Too much on telephone in p.m. I told my friends to call during the day.

2. Supper slapped on and off. Nowadays meals are planned and I never leave the table until after my husband does.

3. "How do you find mail in this house?" Now it's on his dresser.

4. "Why can't we have clean sheets twice a week? Unreasonable? A small concession if it makes him happy. I even change the pillow cases each day and rub some of his after-shave powder into the sheets for a nice fragrance.

5. "You're never ready on time. Now I'm ahead of him. Takes planning!

6. "I'm not your father," "Now I call him "Honey" never "Dad."

7. "Not shopping again!" I learned to drive and don't ask him to shop with me.

8. "Sure wish we had a boy so we could go fishing." Meet Mrs. Fisherwoman!

9. "You smoke too much." Not any more.

10. You're never ready for

Television and Radio

By CYNTHIA LOWRY

AP Television-Radio Writer

NEW YORK (AP) — With election day approaching and a presidential year in the offing, television's hard pressed sketch and comedy writers now have a subject they can get their ball point pens into: politics.

Bob Hope's variety show on Monday night, for instance, devoted about half of its time to matters political. Hope's opening monologue raved around with one-liners that hit everyone from Romney to Reagan, from the White House to De Gaulle—and some of the remarks were sharp-tongued, even for Hope.

The principal sketch of the NBC program was a little drama about a California political boss—played by Hope with cigar and derby— hunting for a movie star candidate to pit against the rival candidate, a child star. The sketch actually was hand-tailored to give guest star Debbie Reynolds an opportunity to do a series of impressions, but the over-all effect was to satirize a subject that has already been pretty well covered, including sketches in variety shows.

Sunday night the Smothers Brothers on CBS were involved in a comedy sketch pegged on a poll of presidential preferences, the sort of thing that Steve Allen enjoyed doing in his variety show days.

Hope, who can get away with almost anything because he plays no favorites and has been doing it for so long, takes a broad comedy approach to his political remarks. The Smothers Brothers material has a keener cutting edge that could inflict some wounds.

Whether it is because there is currently so much competition in the television variety field now or because Hope has only one show a month to contend with, his program is brighter, better written and better produced than in recent seasons.

The political sketch had point and purpose. Miss Reynolds was great in a lethal impression of Zsa Zsa Gabor but something less in imitations of Shirley Temple, Carol Baker and Phyllis Diller. Her best moments were in a dance number—she is surprisingly good as a song-and-dance girl.

Hope's most amusing sketch was poking fun at hippies with the help of Eydie Gorme and Steve Lawrence. But the subject is fast become a cliché.

bed or love. Now I'm the first one in bed and have learned that men like their women eager.

Hope this helps a few, "Heartbroken." SMART AND HAPPY Dear S and H: It will, it will! And those who ignore your letter may need help the most. In fact, they may even find it pinned to their pillowcase tonight. H.

Coming, Going

Going to the fall meeting of District 12, American Legion and Auxiliary, held in DeQueen last Sunday were: Mrs. Joe Jones, Mrs. Ben Edmiston, Mr. and Mrs. E. F. Formby, Mr. and Mrs. Cecil Weaver, and Mrs. Charles Taylor.

Mr. and Mrs. Jimmy Benson, Dallas, and Mr. and Mrs. Duro J. Stubblefield, Ft. Worth, spent the weekend with Mrs. Trula Coffee at DeAnn. The Jimmy Bensons also visited Mr. and Mrs. H. E. Benson.

The Rev. and Mrs. Bob Hyatt, Longview, Tex., came for their son, Tommy, who had been visiting Mrs. B. C. Hyatt, and all returned home Tuesday.

Mr. and Mrs. T. W. Weathersby, Patmos Road, just returned from a trip visiting relatives in Louisiana and Mississippi. They also went to the Miss. State Fair at Jackson.

High Spots

La Paz, seat of the national government of Bolivia and believed to be the world's highest city, lies at an elevation of 12,000 feet above sea level near Lake Titicaca, world's highest large lake.

Time Now to Think of Winter Weeds

Now is the time of year to be thinking about controlling those winter lawn weeds, advises Harold R. Hurst, Extension Agricultural chemicals specialist. Weeds such as knawel (a very small weed with spiny burrs appearing in the spring of the year), wild garlic and wild onion, chick weed, and henbit are very common to Arkansas lawns. Control, to be most effective, should be attempted during the fall and early winter months, headvisees.

For the control of wild onion and wild garlic, use 2,4-D amine applied in November, followed by a second application in early March. For dandelion, plantain, and other broadleaf weeds, use 2,4-D amine in early March or a 2,4-D wax bar in early March for spot treatment. For chick weed, henbit, and knawel usesilvex in October or when these weeds are very small.

For specific information regarding the appearance of these weeds and the specific amounts of chemical necessary for effective control, see your local County Extension Agent and request circular 528, Hurst suggests.

Defense Has Kept Malvern in the Lead

Much has been said about Coach David Alpe's "bi-focal" offense at Malvern high school but one of the chief reasons the Leopards are leading the Div. 4AA conference is their defense.

In seven games this season Malvern has allowed an average of only 34.8 yards per game to the opponents rushing game and giving up an avg. of 77.6 to the opposing air game. In two games the Leopards defense put minus yardage on their opponents ground game.

The Fairview Cardinals are the offensive leader with 1,513 yards rushing and 619 yards passing. They lead team scoring with 165 points.

Crossett leads in passing offense with 812 yards.

Malvern Royce Pennington and Crossett's Tom Elliott share the individual scoring leadership with 42 points each. Leigh Hargis of Warren dropped from first to third.

Bruce Efrid of Malvern leads the extra point makers with 12 PAT for the season.

Results last week saw Malvern defeat Warren 38-0; Fairview downed Hope 27-19; Crossett beat Camden 33-13; and Smackover defeated Arkadelphia 9-0. In non-league action Magnolia defeated Haynesville, La. 35-0.

In conference action this week Smackover plays at Crossett; Malvern plays at Arkadelphia; Magnolia goes to Hope; and Camden plays at Warren. Fairview plays Bearden in non-conference action.

None of the top five teams lost in games played last week. The Standings (4AA games only)

Team	W	L	T
Malvern Leopards	4	0	1
Smackover Bucks	4	1	0
Fairview Cardinals	3	1	0
Magnolia Panthers	4	1	1
Crossett Eagles	4	1	1
Hope Bobcats	1	4	0
Camden Panthers	1	4	0
Warren Lumberjacks	0	4	1
Arkadelphia Baggers	0	5	0

McCormick Is Comeback Player

By BEN OLAN

Associated Press Sports Writer
NEW YORK (AP) — Mike McCormick, a left-handed pitcher who led the National League in earned run average in 1960 and then was demoted to the minors four years later, was named the circuit's Comeback Player of the Year for 1967 today on the strength of his stellar performance for the San Francisco Giants.

McCormick, the NL's leader in victories with 22, was named on 219 ballots in the voting by 356 baseball writers and broadcasters participating in the annual Associated Press poll.

Orlando Cepeda of the St. Louis Cardinals, a first baseman, was second with 32 votes followed by Ernie Banks of the Chicago Cubs, another first baseman, 29 votes. Outfielder Roger Maris of the Cards was

fourth with 21 votes. McCormick's 22 victories in the past season also tied him for the major league lead with Jim Lonborg of Boston and Earl Wilson of Detroit. In 262 innings, McCormick struck out 150, walked 81 and posted a 2.85 ERA.

McCormick was signed by the Giants in 1956 for a reported \$50,000 bonus. He paced the NL in ERA with a 2.70 average in 1960 while winning 15 games. The southpaw pitched in major league All-Star games in 1960 and 1961.

In 1962, he was traded to Baltimore. Plagued by arm trouble, McCormick was sent to Rochester of the International League in 1964 and traded to Washington the following year. He posted an 11-14 record for the Senators in 1966 and was re-acquired by the Giants on Dec. 3, 1966. Pitcher Bob Priddy and outfielder Cap Peterson moved to Washington in the transaction.

53,000 Will Attend UA, Texas Game

LITTLE ROCK (AP) — Little Rock city police conferred with War Memorial Stadium Manager Allan Berry Tuesday on plans to handle the 53,000 football fans who are expected to attend the nationally televised Southwest Conference game between Arkansas and Texas here Saturday.

Berry also appealed to Arkansas fans to "be kind to the visiting Texans." He asked that fans be requested not to throw bottles at the game, nothing that a bottle thrown from the stands two years ago injured a member of the Texas band.

George Cole, assistant athletic director at the University of Arkansas, said the security crew for the game had been ordered to seize any bottle spotted at the stadium.

Texas Gov. John Connally is expected to attend the game as the guest of Gov. Winthrop Rockefeller.

San Diego Is Threat to New York

NEW YORK (AP) — San Diego has remained the only unbeaten team in the American Football League with an offense that threatens New York's league lead, AFL statistics released today show.

The Chargers, who overpowered Kansas City 45-31 last Sunday, closed with 7.4 average yards per game of the Jets as the teams retained their 1-2 position. New York, which held a 30-yard-a-game spread last week, dropped to 382.6 yards per game while the Chargers rose to 375.2.

The Jets did raise their passing average 4.4 to 280.4 yards per game, but again the Chargers cut the gap by jumping 12 to 257.4. Kansas City is the rushing leader with 144.4.

Oakland is the top defensive team, allowing only 169.8 yards per game, far ahead of the Jets' 231.2. The Raiders, second in rushing defense to Boston, have allowed only 110.8 yards a game passing, almost 30 yards better than second place New York.

Owners to Decide on K.C. Move

By JOE MOOSHL

Associated Press Sports Writer
CHICAGO (AP) — American League owners were expected to approve today Charles O. Finley's proposal to shift the Kansas City A's franchise to Oakland and then possibly to turn their attention to expansion.

Although the owners were noncommittal, maintaining they wanted to hear the arguments before making decisions, it appeared Finley would get the necessary seven votes for the shift.

"All I know is I have one vote wired," said Finley. "My own."

The A's franchise was switched from Philadelphia to Kansas City in 1955. Kansas City will have a delegation which will appear before the owners, as will Oakland. And from Washington, a couple of U.S. senators have asked baseball to award a franchise to Seattle.

Finley, having made up his mind to leave Kansas City, was torn between Oakland and Seattle. Last week he settled on Oakland where a stadium is available, while Seattle still has to vote in February on a bond issue for a multipurpose stadium.

The Kansas City delegation

Cal Douses Irish in Orange Juice

By MIKE RECHT

Associated Press Sports Writer
Southern California gave Notre Dame a taste of Orange Juice and the Irish almost choked, leaving The Associated Press to toast its college football Back of the Week with O.J. O.J., of course, is none other than O.J. Simpson, who combined speed and power to help No. 1 ranked Southern California to a 24-7 victory over Notre Dame last Saturday.

When not talking about the drink, O.J. are the initials for Orelthel James, the Trojan half-back who made up a 7-0 half-time deficit with touchdown runs of one, 35 and three yards.

The nation's leading ground gainer and a 9.4 second sprinter for 100 yards who holds part of the world record in the 440-yard relay, Simpson carried 39 times in all for 166 yards, most of them in the last half.

His performance was too much for the Irish to swallow as underdog Southern Cal protected its ranking in football's game of the day.

Still, Simpson had rough competition for the Back of the Week honors from two third-string quarterbacks.

Bubba Wyche of Tennessee, called on when second-team quarterback Charlie Fulton broke a rib with top man Dewey Warren already out with injury, tossed two touchdown passes, leading the Vols to a 24-13 victory over Georgia Tech.

Larry Rentz, called "The Blade" because he stands so thin, had never quarterbacked a down of varsity football until he was thrust into a starting assignment for Florida when No. 1 Jack Ecklund broke a leg and No. 2 Harmon Wages was disciplined.

The frail junior ran 50 yards for one score and directed four other TDs as the Gators trounced Tulane 35-0.

will be headed by Mayor Ilus David and Sen. Stuart Symington. They are not expected to battle to keep the A's in Kansas City, but are more interested in settling for an expansion club.

From Washington, Sens. Warren G. Magnuson and Henry M. Jackson, both Democrats, sent a telegram to American League owners saying "expansion to Seattle will provide true national flavor, bringing in five states of the great Northwest plus Western Canada with its growing sports-minded population."

Before taking a vote on Finley's proposal to move, the league will hear arguments from the Kansas City and Oakland groups and this is expected to bring about expansion discussion.

The American League, it has been reported, does not want to get beat by the rival National League to the virgin territory of the Northwest, and some owners reportedly wanted to see Finley move there.

However, the Cleveland Indians are said to have their eyes on the Seattle area and this would assure Finley of at least another vote to move to Oakland.

Panthers of Pitt End Losing Streak

By IRA MILLER

Associated Press Sports Writer
PITTSBURGH (AP) — Because unwanted Bob Bazylak refused to quit, Pitt's Panthers have ended their nine-game losing streak.

Little more than a month ago, Coach Dave Hart told Bazylak he was through as a quarterback.

"It was," Hart said, "one of the toughest things I've ever had to do."

Hart was building for the future. Bazylak, a senior, didn't fit in. Hart decided sophomores were the answer.

"I almost died," Bazylak said, disagreeing with Hart but moving meekly to second team wingback. "I really didn't know what to do."

"People kept telling me to quit. But I've been playing football for 11 years and I didn't want to go out a quitter. So I stuck around."

Bazylak said all he wanted was another chance to play quarterback.

Last Saturday he got it. Pitt, 0-3 and seemingly halfway to defeat No. 4, turned to him in desperation at halftime at Wisconsin.

He responded by completing 12 of 18 passes for 175 yards in the second half, guiding the Panthers to both touchdowns in a 13-11 victory.

"I had just about given up hope," he said. "Then last Thursday, he came up to me and told me to get up on the practice field and do some throwing. I thought he was joking."

Hart shrugs it all off by saying simply, "I made a mistake and I'm not ashamed to admit it."

Oakland Is Ready for Athletics

By CHARLES MCMURTRY

Associated Press Sports Writer
OAKLAND, Calif. (AP) — Owners of clubs in the American League were scheduled to meet in Chicago today to decide on the plea by Charles O. Finley for permission to move the Kansas City Athletics to Oakland.

A delegation of Oakland officials and sports dignitaries was named to press for approval of the switch.

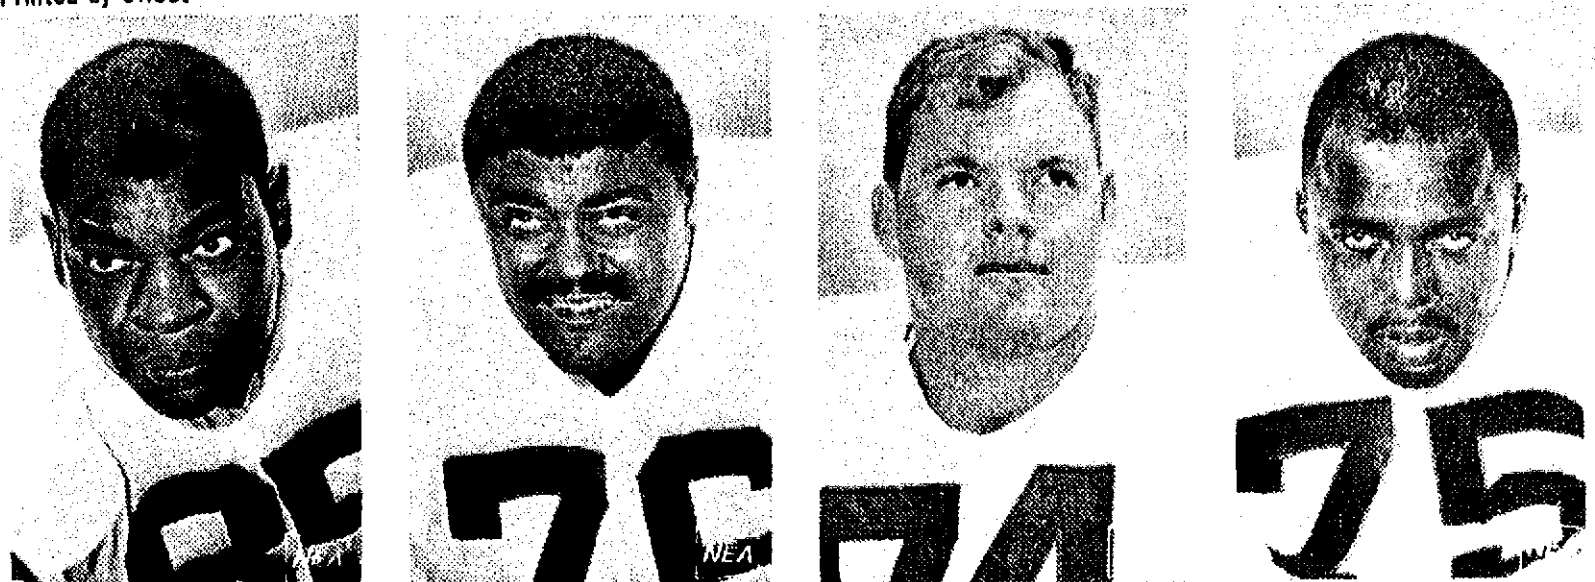

Oakland is ready. It has the facilities to accommodate big league baseball, and big time baseball would be the last of the major sports to join the family. The A's home would be in the new \$28 million coliseum, a three-story structure that includes a stadium which seats 50,000 for baseball.

The vast complex has been in the works for several years. The chamber of commerce asked Robert T. Nahas, a former president, to form a civic-minded committee to plan the facility for major sports.

Nahas chose former U.S. Senator William J. Knowland, publisher of the Oakland Tribune, industrialist Edgar Kaiser, and George Loatz, president of a major firm of construction engineers, to work with him.

The \$28 million complex is the result. It was built on 166 acres — with \$2.5 million — provided by the city and county and \$27.5 million in revenue bonds. They will be repaid in 16 years of 1 percent revenue.

The complex is operated by a nonprofit corporation all of whose officers serve without pay. They include Nahas, Know-

THE FIERCEST FOURSOME in pro football do their dirty work as defensive linemen for the Los Angeles Rams. Left to right: Lamar Lundy (6-7, 260 pounds), Roosevelt Grler (6-5, 287), Merlin Olsen (6-5, 275) and Dave Jones (6-5, 260).

Rice Gets Call Over Mustangs

By HAROLD CLAASSEN

Associated Press Sports Writer
NEW YORK (AP) — Even though the Southern California Notre Dame game last Saturday came out exactly as predicted here, the week's average was only .712.

The season's figure is .715.

Southern California over Washington: But only after four quarters of rugged football. Huskies haven't lost since dropping opener to Nebraska and their defense is downright stingy — just four touchdowns in five games. Trojans can't win if they still are day-dreaming about last week's victory over Notre Dame.

Purdue over Oregon State: With Leroy Keyes and Mike Phipps in the same backfield the West Coast Beavers are in for a long afternoon.

UCLA over Stanford: Stanford has two quarterbacks in Gene Washington and Chuck Williams but they don't equal UCLA's Gary Beban.

Nebraska over Colorado: The Buffaloes are favored but it is the belief here that Nebraska will take it out on Colorado for that upset loss to Kansas last week. Frank Patrick to be the star.

North Carolina State over Wake Forest: Wake Forest has yet to win this season and North Carolina State has yet to lose. Both strings continue.

Alabama over Tennessee: Kenny Stabler's deft passing to be decisive in game whose blocking and tackling will be heard for miles in all directions.

Georgia over Virginia Military: Wouldn't those Georgia Bulldogs like to replay their game with Mississippi?

Houston over Mississippi State: Warren McVea will barrel his way at will through the sparse State defenders.

Wyoming over Wichita: Jerry DePoyster is possibly the best field goal kicker in college football and gives Wyoming a big edge.

Michigan over Indiana: The Hoosiers come tumbling off Cloud 9 for their first defeat of the season. Dick Vidmer has too much aerial cunning for the young Hoosiers.

Michigan State over Minnesota: The Golden Gophers are finding it hard to score and the Spartans have averaged five touchdowns a game this season against Big Ten rivals.

Cornell over Harvard: The home field gives Cornell a thin edge. The Ivy League title could be decided in this one.

Rice over Southern Methodist: The Owls are the pick even though Jerry Levis plays for the defending Southwest Conference champs.

Fights Last Night

By THE ASSOCIATED PRESS

PHILADELPHIA — Joe Frazier, 204, Philadelphia, stopped Tony Doyle, 197½, Salt Lake City, Utah, 2.

BUFFALO, N.Y. — Alvin Lewis, Detroit, outpointed Dick Wiperman, Cheektowaga, N.Y., 10, heavyweights.

LONDON — Eduardo Corbelli, 198½, Argentina, outpointed Johnny Prescott, 192, Britain, 10.

22	Sunday	11:20	2:20	9:25	2:45

Simpson Is Leading Rusher

NEW YORK (AP) — A decisive factor in the rise of the nation's top two college football teams, Southern California and Purdue, can be traced to the remarkable showing of O. J. Simpson and Mike Phipps, according to statistics released today by the NCAA's National Collegiate Sports Service.

Simpson of USC, remains the major college rushing leader with 752 yards in five games. The junior halfback, who sparked the No. 1 ranked Trojans to their 24-7 victory over Notre Dame last Saturday, carried 38 times for 150 yards and all three touchdowns in the win over the Irish.

Phipps, a sophomore quarterback, is the nation's No. 2 offensive leader with 1,087 yards rushing and passing. Last Saturday, Phipps gained 259 yards in 29 plays in Purdue's 41-6 defeat of Ohio State. The leader in this category is Terry Stone of New Mexico, only 29 yards ahead of Phipps.

Stone is tops in forward passing with 91 completions in 198 attempts. His passes have accounted for 1,253 yards and seven TDs, although New Mexico has lost four of its five games. Phipps is ninth in passing with 53 completions on 112 attempts, gaining 932 yards and seven TDs.

In punting, Steve O'Neal of Texas A&M is the leader with a 45.2 average on 36 kicks.

Dennis Homan of Alabama, along with Butch Colson of East Carolina and Wayne Patrick of Louisville top the scorers with 48 points on eight TDs.

The leader in pass receiving is Stone's favorite target at New Mexico, Ace Hendricks, with 38 catches for 675 yards and four TDs.

Greek Thinks He'll Break Vault Mark

By CHARLES GREEN

Associated Press Sports Writer
MEXICO CITY (AP) — Chris Papanikolaou, of Greece, who won the gold medal in the pole vault Tuesday in Mexico's Pre-Olympic Games, predicts he will break the world record in the actual Olympics next October.

Papanikolaou, a student at San Jose, Calif., State, beat Dick Hallback of UCLA with a vault of 17-4½, then failed three times in an attempt to break Bob Beamon's listed world record of 17-7½.

The attempt of the 23-year-old Greek to break the record drew the most attention of the 12,000 in the Olympic stadium after John Carlson, a New Yorker who attends East Texas State, had won the 200 meters in 29½ seconds.

"I was sure I could do it," Papanikolaou said. "I think I could have, but I need a special pole. This one is too soft. I'll practice indoors this winter and I'm sure I can break the world record here next year."

Carlson led all the way in the 200 meters to give the United States its third gold medal.

Waldemar Brzezinski of Poland set three world weight-

Hope Getting Ready for the Stretch

By RALPH ROUSTON

Star Sports Writer
A new day, a new world, as the Hope Bobcats prepare for their annual stretch run to the wire in Region 4-AA.

If the Cats pull off two of their last three conference battles, Hope would stand at 3-5 in the 4-AA standings. This week, too, Head Coach Freddie Glaze must prepare his team for Magnolia, our fourth consecutive opponent in the Top Ten of all Class AA schools.

The Magnolia Panthers are tough again this year. A 17-7 loss to Malvern and a 0-0 tie with Warren are the only blotches on Coach Don Hubbard's 5-1-1 record. The Panthers have come along well all season long, and they have posted 35-0 wins in their last two games, against Haynesville, La. and Arkadelphia.

Tomorrow night the Hope Bobcats have their homecoming, and the rivalry will be presented before the game. The malis are Misses Mary Allen, Sharon Blain, Linda Richardson, and Nancy Saunders, the Maid of Honor is Miss Becky Huff, and the Queen is Miss Della Lynn Jordan.

Finally, the time is drawing near for the arrival of a new sport to the scene, basketball. The season begins November 13, and the Junior and Senior girls will travel to Lewisville, entering their third year as girls coach is Mrs. Charlotte Gibson, and the Sr. Boys mentor for the second year is Joe Austin.

Roland Doing Fine Job for Cardinals

NEW YORK (AP) — Johnny Roland, the Rookie of the Year in 1956 for the St. Louis Cardinals in the National Football League, appears well on his way to the workhorse of the year crown in 1967.

Roland, trailing Leroy Kelly of Cleveland by only 17 yards in the battle for leading rusher honors, has carried the ball 96 times for the Cardinals in the first five games of the season. NFL statistics showed today. In his rookie season, Roland totaled only 192 times in 14 games.

Kelly held his lead over Roland last Sunday by boosting his rushing yardage to 495 as compared to 386 for the St. Louis ace.

Although Charley Taylor of Washington is the top receiver with 32 catches for 441 yards, the big average man is Homer Jones of the New York Giants who has averaged 31.6 yards per catch, making 16 good for 506 yards and six touchdowns.

Norm Sneed of Philadelphia still tops the passers despite the Eagles defeat by the San Francisco 49ers. The standings are based on Sneed's 56.4 completion percentage, 11 TDs, 2.9 interception percentage and 9.24 average gain.

Jim Bakken, the St. Louis place kicker, is the top scorer. Bakken has 56 points on 15 field goals and 13 conversions.

percent.

Durham, who hand-picked Doyle as Frazier's "both victim, said, "Joe has improved 12 percent. He's out of high school. Now he can go out there and do what I tell him."

"I told him to stay right on top of Doyle, make him move the way we wanted him to move, then take him out with one good shot."

Frazier, who ranked No. 1 by Ring Magazine and No. 9 by the World Boxing Association, confirmed his trainer's view.

The 6-foot-1 Doyle, who came here with an 18-4-1 record, had promised the spot of the year against the tough 22-year-old many experts believe will be the next champion.

... See How They Point

WHEN A TRIO OF REFEREES or umpires or even company executives gather, they are often affectionately described as The Three Blind Mice. Here, three football officials appear to be observing something. A passerby, however, seems bemused that such a thing could actually happen.

U.S.-Egypt Talks on Resuming Relations Aimed to ME Peace

By TOM BRIDGE
Associated Press Writer
UNITED NATIONS, N.Y. (AP) — Informal sources said today that talks at the United Nations between the United States and Egypt are partly aimed at re-establishing relations between the two governments as a step toward a Middle East settlement.

The informants stressed, however, that overtures for revival of diplomatic ties are coming from the Egyptians and that the United States is taking a "cautious" approach.

The informants said the meeting Monday between U.S. Ambassador Arthur J. Goldberg and Egyptian Ambassador Mahmoud Riad was designed primarily to set guidelines for a Middle East representative to be appointed by Secretary-General U. Thant.

They said such action would be facilitated by renewal of relations broken by Egypt during the June war with the claim that the United States and other Western powers were giving military aid to Israel.

Goldberg and Soviet Deputy Foreign Minister Vadim A. Gerasimov met separately Tuesday with Thant but announced no plans to see each other.

Goldberg told news men he hoped "that in the normal course" he would see Kossygin, one of the most able negotiators, he has dealt with the Middle East in the past.

Western circles expressed hope that Kossygin's arrival in New York Monday indicated that the Soviet Union might be getting ready to adopt a more flexible approach to the Middle East stalemate.

The Russians have given strong support to the Arab stand that there can be no movement toward a settlement unless Israel withdraws its forces from the territory it captured from Egypt, Jordan and Syria.

A U.S. spokesman said Goldberg had nearly 12 hours of appointments on Tuesday. The talks were reported aimed at reaching an understanding among delegates directly concerned on basic principles for a settlement in the Middle East.

Goldberg met with Israeli Ambassador Gideon Rafael Tuesday morning and the new Jordanian foreign minister, Abdul Monem Rifai, in the afternoon.

Seeks Soviet Aid in Move for Peace

By ARTHUR J. GAVSHON
Associated Press Writer
LONDON (AP) — British Prime Minister Harold Wilson intends to seek Soviet support for new Vietnam peace moves if the United States suspends bombing of North Vietnam.

Informal sources said Wilson may go to Moscow for talks with Soviet Premier Alexei N. Kossygin.

A hint of Wilson's approach emerged during an interview with The Associated Press when he said he was in close contact with Kossygin about chances of joint peace-making action in Vietnam.

"We would be ready to try any time when we felt joint action on our part could help to bring the parties together," Wilson said.

An opportunity for joint action may arise next month, South Vietnam's president-elect Lt. Gen. Nguyen Van Thieu, has said he would ask the United States after his inauguration Oct. 30 to stop bombing the Communist North for about a week in order to test Hanoi's willingness for peace talks.

Wilson would like a longer bombing pause — long enough to enable him to consult Kossygin in Moscow. He said in the interview he had no immediate plans to visit either Moscow or Washington but recalled he had arranged with Kossygin to travel to the Soviet capital "at an appropriate time."

State Health Center Cited

LITTLE ROCK (AP) — The San Juan County Health Center has been selected as one of four in the nation to be depicted at the annual meeting of the American Public Health Association in Miami next week.

As Assistant Surgeon General Harold M. Granting of Washington, director of the Division of Hospital and Medical Facilities, advised state health officer J. L. Herron Tuesday that the center would be included in a series of slides showing "outstanding public health centers in the nation."

The slide series will be a highlight of an exhibit on public health centers that have received financial and technical assistance from the federal government's Hill-Burton program.

Appointed to School Board

By THE ASSOCIATED PRESS
LITTLE ROCK (AP) — Mrs. Leopold N. Judah, 61, of Little Rock, has been appointed to the board of directors of the state Training School for Girls at Alexander, replacing Cliff Packer of Little Rock, who resigned recently, Gov. Winthrop Rockefeller announced Tuesday.

Blevins Opens Season With 3 Victories

Blevins Hornets opened their season Tuesday at Laneburg and won all games.

The Senior boys beat Laneburg 78-53. Billy Smith and James Roberts each had 14 points. Laneburg's Rickey Purdie had 19.

The Blevins Senior Girls won 63 to 51. Janie Hugg made 23 for Blevins, Lou Turnage 20 and Dot Steed 18. Spell was high for Laneburg with 23.

The Juniors won 34-22 with Blevins' Judy Kidd scoring 18. Kathy Almond had 15 for Laneburg.

Dog Racing Fees Reach \$308,315

LITTLE ROCK (AP) — Taxes and license fees from the 102-day racing season at Southland Greyhound Park in West Memphis increased by \$308,315 in 1967, the state Revenue Department said Tuesday.

The department said the state received \$1,855,582 from a six per cent tax on wagers, \$52,403 from a 10-cent tax on each paid admission and \$44,384 from other taxes and fees.

Wagers totaled \$30,926,379 compared to \$26,270,000 in 1966, the department said, while attendance increased from 759,364 to 785,447.

The tax on wagers produced \$1,570,000 in 1966, and the admissions tax totaled \$29,257. Income from the other taxes and fees increased by \$6,126 over 1966.

Two days of the racing meet were donated to charity, and the state received no revenue

Gogolak Is Working Out in New York

NEW YORK (AP) — Pete Gogolak, who once feared he never would kick a football again, is working out daily at Yawkey Stadium with the New York Giants during a 10-day Army leave to see if he can recapture his old place kicking for Sunday's game with Green Bay.

Gogolak, a private in the Army at Fort Belvoir, Va., where he helps manage the officers' club, took it easy Tuesday after kicking the ball 10 or 12 times Monday.

"I haven't practiced or kicked a football since last December," Gogolak said in the Giants' locker room. "I do not think I have lost the touch. Naturally, my leg still is a little weak but I feel better after a good rub-down."

Gogolak is a slimmed down version of the man who stirred up a big storm by playing out his option with Buffalo of the American Football League and jumping to the Giants in the summer of 1966. He once weighed 206 but was down to 171 at one stage of his Army life. He now weighs 185.

The Hungarian-born soccer style kicker spent about four months in Walter Reed Hospital after he fell in the barracks.

Gogolak said he normally was off Saturday and Sunday at camp and felt reasonably certain he could arrange weekend passes to play with the Giants.

The final word on Gogolak will be up to Coach Alie Sherman who can make a decision anytime up to Sunday.

WORLD ALMANAC
FACTS

Nova Scotia, the name of
the province on the south-
east coast of Canada, is
Latin for "New Scotland."
Says The World Almanac.
The French, first Europe-
ans to settle in this area,
called it Acadia. In 1613,
English colonists from Vir-
ginia expelled most of the
French settlers and Scot-
tish-born King James I
renamed the land Nova
Scotia

THE WELL CHILD
Contraceptive Pills
Not For Nursing Mothers
By WAYNE G. BRANDSTADT, M.D.

Since writing, in answer to a nursing mother, that contra-
ceptive pills would not be
harmful to her or her baby I
have received a communica-
tion from La Leche League
International which states
that these pills should not be
taken by nursing mothers.
The chief reason is that they
dry up the mother's milk sup-
ply. The drug may also ap-
pear in the milk and cause
enlargements of the infant's
breasts. For these reasons
other means of contraception
should be used as long as the
mother is nursing her baby.

The normal location. The con-
dition should be corrected in
early childhood to prevent
your son from developing a
feeling of inferiority. This
usually requires a plastic op-
eration in two or more stages.
If the operation is successful,
the victim can lead a normal
life in every way.

Autumn in the Arkansas Ozarks: A Star Color Show

McClellan Appreciation Day

Thursday, October 19, 1967 is John L. McClellan Appreciation Day in Camden, Arkansas. Ceremonies expressing appreciation to Senator McClellan have been announced by a special committee of leaders in the Camden area and by the electric cooperatives in Arkansas.

Groundbreaking ceremonies for the John L. McClellan Electric Generation Station to be constructed near Camden by the electric cooperatives, will be held at 3:00 p.m. on that date. Senator McClellan will make a brief address at the ceremonies to be held at the station site located on the Ouachita River at the end of Bradley Ferry Road off Highway 7 south. The 125,000 KW capacity generating station has been named in honor of the Senator for his long years of interest, assistance, and support of the REA program.

Senator McClellan will assist in dedicating the Vocational School and Naval Ammunition Depot at Camden at 5:00 p.m., followed by the principal appreciation ceremonies beginning at 6:00 p.m.

These events are all open to the public.

Counterattack to Prevent Import Quotas

By JOE HALL

Associated Press Writer
WASHINGTON (AP) — The Johnson administration mounts a massive counterattack before the Senate Finance Committee today against a congressional drive to slap import quotas on commodities ranging from steel to milk.

Five Cabinet officers, led by Secretary of State Dean Rusk, and the President's top trade negotiator, William M. Roth, will present the administration's case.

They are trying to put down one of the strongest threats to the nation's liberal trade policies since the reciprocal trade law was enacted in 1934.

The law has led to continuing tariff reductions which culminated last June in cuts averaging 35 per cent on 6,000 items.

The State Department has described the congressional push

as a "protectionist threat to the continued prosperity of the American people and the foreign relations of the United States."

Roth has said if the quotas are enacted, swift retaliation by U.S. trading partners could cut U.S. exports by more than \$3.5 billion.

The United States now exports almost \$4 billion more worth of products each year than it imports.

Following Rusk before the committee will be Secretary of Commerce Alexander B. Trowbridge, Secretary of the Interior Stewart L. Udall, Secretary of Agriculture Orville L. Freeman.

Then, for the remainder of the three days of public hearings, there will be witnesses representing dairy products, milk, fur, oil, footwear, lead and zinc, textiles, steel, livestock and glass products, all products for which quotas are being considered.

Some import quota sponsors have urged that all restrictive trade proposals be added to the Social Security bill, considered veto-proof.

Segments of Economy Loses Bloom

By JOSEPH R. COYNE
Associated Press Writer

WASHINGTON (AP) — Key segments of the economy have temporarily lost some of their bloom at a time the Johnson administration needs help the most in pulling its tax chestnuts from congressional fires.

The unemployment rate, industrial output and personal income weakened in September although the basic economy remained strong.

Government economists insist their economic arguments for a tax increase are still as valid as ever, perhaps more so, and blame special circumstances—strikes and a fantastic number of women seeking work—for the weakening.

They point to a bullish \$15 billion advance in gross national product—the value of all goods and services produced in the economy—during the third quarter. It was the biggest increase in 1½ years.

And they foresee an even larger increase—perhaps as high as an inflationary \$23 billion—during the fourth quarter unless taxes are raised. But with President Johnson's request for a 10 per cent surcharge on individual and corporate income taxes locked in the congressional-administration fight over spending cuts, the administration now needs all the help it can get to bolster its position.

The weakening in three key economic indicators will hardly accomplish this. The administration contends the surcharge is needed to stem inflationary pressures in an over-expanding economy.

One surcharge opponent, Chairman William Proxmire, D-Wis., of the Senate-House Economic Committee, has already cited the weakened indicators as vindication for his position.

"There is no economic case for a tax increase now," Proxmire said in a Senate speech Tuesday.

He said a drop in industrial production during September on

This is the season when thousands of tourists and home folks as well crowd the highways of North Arkansas to see Autumn frost bring out glorious color in the hardwoods of the Ozarks. The time is not quite yet this year, but your newspaper will post you when the woods begin to turn.

Our picture seems to show an old rail fence snaking its way through the heart of the forest primeval—but this is an illusion. Actually the scene is within a hundred yards of the entrance to the Crescent Hotel in Eureka Springs, and the photographer was careful to keep the street gutter from showing in the lower right-hand corner of the picture. It is a 35mm. Kodachrome of October, 1965, by Alex. H. Washburn, editor of The Star, who made the process negatives for the press plates on The Star's 8x10 Berkey color separator.

This is The Star's 11th full-color photo reproduction, a program which began January 28, 1967, with the introduction of the second Berkey newspaper color separator in the United States—the first large 8x10 model.

top of an increase in the unemployment rate showed the economy is suffering from too much slack, not excessive demand.

The administration takes a longer-range view.

Budget Bureau Director Charles L. Schultze pointed Tuesday to what he said are numerous signs of an accelerating economy including recent rapid advances in personal income and industrial production, and rising employment.

"The combination of a sizeable budgetary deficit and a rapidly advancing, fully-employed economy presents an inflationary potential that we clearly should not allow to become a reality," he told a congressional committee.

Here's what happened, however, to unsettle the economic picture during September, at least temporarily:

Unemployment—the Labor Department reported an unemployment rate of 4.1 per cent, the highest since November 1965. It said employment remained strong and an unusually large increase in adult women seeking jobs was responsible for the higher rate.

Industrial production—the Federal Reserve Board reported a 1.5 per cent decline in its production gains. It blamed strikes in the auto, copper and steel hauling industries for the decline.

Personal income—the Commerce Department reported a \$2 billion increase, the smallest in four months, and blamed the Ford strike for most of the slow-

VIOLENCE IN (From Page 1)

youngsters over to juvenile court.

The demonstrators strategy change developed at a three-hour rally on the University of California Berkeley campus. One speaker said "too many people got hurt."

Police used clubs and an eye-slinging chemical spray in clearing demonstrators from the center. They cleared a path for nine busloads of draftees.

As he did Monday night, Dean of Students Arleigh Williams warned those at the Berkeley campus rally that they were defying a temporary restraining order. But the meeting continued.

One speaker proposed a delegation to meet with Chancellor Roger W. Boyce and call upon him to denounce "police brutality." Another suggested students picket Oakland City Hall and the police station. Both proposals were turned down.

The meeting ended with agreement for peaceful picketing today.

DEMOCRATS (From Page 1)

Pittsburgh, Shepard said drives have begun in California, Illinois, New York, Oregon, New Hampshire, Utah, Nevada, Colorado, Washington, South Dakota and the District of Columbia.

In a number of states, the president Democrats say they plan to enter a slate of anti-Johnson candidates for delegates to the Democratic National Convention.

The California Democratic Council, (CDC), with 33,000 volunteers, formally launched such a drive in late September. The CDC specified that its delegates must advocate "an immediate cessation of the bombing of Vietnam, negotiations—including all participants—for settlement of the war so that American armed forces may be withdrawn, and international guarantees of noninterference in Vietnam."

This slate would be opposed on the ballot by pro-Johnson candidates who include all the top California Democrats.

In New York, the newly organized Coalition For a Democratic Alternative, teaming with

the pro-Kennedy group, said they plan to run slates of anti-Johnson delegates in the 1968 primary in at least 29 of the state's 41 congressional districts.

LEGAL NOTICE

In The Chancery Court of Hempstead County, Arkansas, Cornelius S. Briggs, Jr., Plaintiff, vs. Helen W. Briggs, Defendant, No. 9173

WARNING ORDER
The Defendant, Helen W. Briggs, is hereby warned to appear in this Court within 30 days and answer the complaint of the Plaintiff, Cornelius S. Briggs, Jr., and upon her failure to do so, said complaint will be taken as confessed.

WITNESS my hand as clerk of the Chancery Court of Hempstead County, Arkansas, and the seat of said Court, this 3rd day of October, 1967.

Jim Cole
Clerk

Oct. 4, 11, 18, 25, 1967

LEGAL NOTICE

NOTICE

In The Probate Court of Hempstead County, Arkansas.

In The Matter Of The Estate Of Ethel Wallace, deceased, No. 2190, last known address of decedent: 219 South Washington, Hope, Arkansas. Date of death, August 20, 1967.

An instrument dated October 12, 1961, was on the 13th day of October, 1967, admitted to probate as the last will of the above-named decedent, and the undersigned has been appointed executor thereof. A contest of the probate of the will can be effected only by filing a petition within the time provided by law.

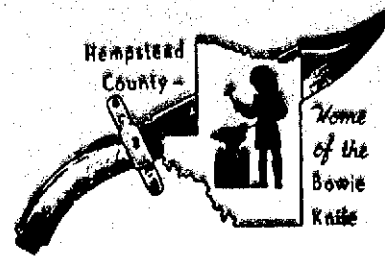

All persons having claims against the estate must exhibit them, duly verified, to the undersigned within six months from the date of the first publication of this notice, or they shall be forever barred and precluded from any benefit in the estate.

Thus notice first published 18th day of October, 1967.

Violence in Antidraft Picketing

OAKLAND, Calif. (AP) — Antidraft demonstrators capped a violent 24-hour period Tuesday night with a decision to avoid new battles with police by shifting to peaceful picketing at the Oakland Induction Center.

More than 20 persons were hurt earlier when police broke up a massive attempt to blockade the center. Nearly 150 persons have been arrested in two days of protest by antiwar groups.

Oakland Municipal Court Judge Delmar Brobst meted out 10-day sentences to folksinger Joan Baez and 102 others who were among 123 arrested in Monday's demonstrations at the induction center.

Sentenced with Miss Baez were her mother, Mrs. Joan Baez, and her sister, Mimi Fariña.

The 103 had pleaded no contest and were sentenced forthwith with no alternative offer to pay fines.

The judge offered to give students the option of serving five weekends so they could keep up school work and turned six

Man's Social Status Determined by the Fears That He Keeps

By IAL ROYLE
NEW YORK (AP) — In what has been called "the age of anxiety" a man's social status can be determined by the fears he keeps.

What kind of a phobe are you? "I'm not a phobe at all," you may say.

Oh, but you are. A phobe is a person with a fear of something, and everyone who is alive and sane is afraid of one thing or another.

One of the nice things about medical science is that it has a high-sounding word for every mortal condition. It is particularly rich in flattering descriptions of man's fears, of which it has pinpointed several hundred varieties.

Playing with these words just a bit, we find, for example:

A bachelor is a gamophobia, one who is afraid of marriage. An old maid is an androphobe, because she is afraid of men.

You might have more sympathy for those teenagers who incessantly chatter over the telephone if you realized they are simply victims of eretophobia, the fear of stillness or silence.

And they would probably have more sympathy for you if they only knew that you suffer from an opposite malady—phonophobia, the fear of noise.

Do you sometimes feel guilty because you are having a good time? Many people are that way. They are hedonophobes, afraid of pleasure.

Perhaps you worry because you feel you are getting in a rut.

Today, Wednesday, Oct. 18, Mrs. LaVeta Mouser is acting mayor and the Mayor John B. Gardner so signifies by placing

Democrats Against LBJ War Policy Are Grouping to Drop Him

By RELMAN MORIN
AP Special Correspondent

NEW YORK (AP) — Groups of Democrats who oppose President Johnson's policies in Vietnam are organizing in a number of states to drop him in 1968 and to nominate a Democrat pledged to end the war.

Some have a candidate—Sen. Robert F. Kennedy of New York. For 13 months, Kennedy has consistently disavowed their efforts.

All have an issue—the war and what they feel are its adverse effects on the progress of domestic programs.

The numerical strength of the anti-Johnson movement, and its ability to obtain financing, is difficult to determine at this stage.

Dr. Martin Shepard, national chairman of the Citizens for Kennedy in '68, said recently that this group has some 6,000 members in 50 chapters in the country. At a convention of "Stop Johnson" Democrats in

the mayor's hat on her head. The honor is in recognition of B&PW Week being observed here.

Search for Plane Moves From Hope

MALVERN, Ark. (AP) — The Civil Air Patrol moved its headquarters from Hope to Malvern today as the search continued for a single-engine plane missing since Friday with Marvin Melton, 65, of Jonesboro, aboard.

Mal, Joel Wall of Hot Springs, who is directing the search operation, said pilots had flown over most of the Hope area twice, but that most of the Malvern area had been searched only once, or, in some cases, not at all.

At Jonesboro, Melton's wife, Loree, and his brother, Oscar, said they still hadn't given up hope that the missing businessman, farmer and civic leader would be found alive, although their hope was "dwindling with every passing hour."

They pointed out that a family of three lived 28 days after being injured in the crash of their light plane in California several years ago.

Mrs. Melton said she and the rest of the family "deeply appreciate all that the people of Arkansas have done" since her husband was reported missing on a flight from Jonesboro to Dallas, Tex.

She said "hundreds of people" had given "not only of their time, but have joined in the search at their own expense."

Wall said there was an urgent need for more pilots to help in the search. He said the CAP was receiving more leads than it could check out with the available pilots and aircraft.

Sixteen aircraft searched Southwest Arkansas Tuesday, and two Arkansas National Guard helicopters were used to search a 15-square mile area centered on Bismarck in Hot Spring County.

Wall said three helicopters were to comb the mountainous, heavily timbered area today.

An eight-year-old boy told authorities Tuesday that he saw a plane stall, go into a spin and fall Friday about eight miles southeast of Hope, but State Police discounted the report after an investigation.

Recreation Loan Okayed

LITTLE ROCK (AP) — The Farmers Home Administration has approved a \$100,000 loan to help the Cleveland County Recreation Association, Inc. finance the purchase of 65.5 acres of land and construction of a club house, a nine-hole golf course, a swimming pool, park and picnic area near Rison, Sen. J. William Fulbright's office announced here Tuesday.

Russia Makes Soft Landing on Venus

By HENRY S. BRADSHAW
Associated Press Writer

MOSCOW (AP) — The Soviet Union announced today its unmanned spacecraft Venus 4 made a soft landing on cloud-shrouded Venus and transmitted data showing a temperature range from 104 to 465 degrees Fahrenheit.

The planet's atmospheric pressure varied from the equivalent of that of the earth to about 15 times as great, the announcement said.

"The measurements have shown that the atmosphere consists almost exclusively of carbon dioxide," it was added. "Hydrogen and vapors account for about 1 1/2 per cent and no noticeable traces of nitrogen were detected."

Signals from the spacecraft's instruments were monitored in Britain for an hour and a half after they apparently landed on Venus.

Radio transmissions from Venus 4 monitored at Britain's Jodrell Bank Observatory stopped at 12:38 a.m. EDT, believed the moment when the craft hit the planet's surface. Fifteen seconds later, the observatory picked up new signals, fainter and different in tone.

"This is tremendous, amazing," Sir Bernard Lovell, Jodrell Bank's director said. "The signals we are now receiving are coming from the surface of the planet Venus. It seems that the Russians know for the first time what the surface of Venus is like."

The signals ceased at 2:14 a.m. EDT, after more than one and a half hours, and Lovell said the instruments might have been switched off.

Hackler Bans Equipment Use by Probers

LITTLE ROCK (AP) — U. S. attorneys Frank Watson and Bill Carter want to continue their investigation of the state Game and Fish Commission, they're going to have to bring in their own photostatic equipment and supply the personnel to run it, commission Director Hugh Hackler said Tuesday.

Watson and Carter have been going through commission records for H. W. McMillan of Arkadelphia, the attorney appointed by Gov. Winthrop Rockefeller to serve as his evidence officer in an upcoming ouster hearing for some members of the commission.

Hackler said they had been using the commission's photostatic copier and personnel. He said he had advised them Tuesday of the change in policy.

George Catlin Paintings on Display Here

Adults may view the George Catlin collection of paintings in the State Department of Education Artmobile Wednesday and Thursday from 3:30 to 5 p.m. on the Hope High School campus.

The collection of 18 paintings is valued at \$54,000 and is on loan from the National Gallery of Art, Washington, D.C.

George Catlin, 1796-1872, was concerned about the Indians and his purpose for painting these pictures was to record for history facts about them and their life.

The details of their clothing and physical features of the Indians are skillfully recorded. The blues and greens in the paintings are accented with occasional reds. At times it seems as if his paintings have a child-like simplicity, but this is to emphasize the Indian.

Johnson's Budget to Go Under the Knife in the House Today

By EDMOND LeBRETON
Associated Press Writer

WASHINGTON (AP) — President Johnson's budget goes under the knife in the House today. For most members, the question seemed to be not whether to cut, but how deep.

The Appropriations Committee offered a package, heavy with reductions in government payroll money and research, estimated to save \$2.85 billion. About \$1.4 billion of this would show up in reduced spending by June 30.

Republicans marshaled behind an amendment which would add to this a mandatory \$5 billion spending reduction this year.

And individual members with ideas for saving by dropping individual programs were ready with a sheaf of amendments. One would delete the \$162 million for partial development of a supersonic transport plane. Others would hit a variety of Johnson administration programs.

There was some sentiment in the other direction also—for example to exempt particular departments such as the Treasury, with its tax collectors; the Justice Department, which contains the FBI, and the Post Office from the 5 per cent cut in payroll money included in the Appropriations Committee bill. Sponsors argued that forcing reductions in internal revenue agents or other key personnel would be self-defeating.

A postal official told a Senate committee Tuesday that a House economy move might force curtailment in mail delivery to three days a week.

The House Democratic leadership called a caucus, intended mainly to hold enough party members in line to defeat the \$5 billion cut amendment offered by Rep. Frank T. Bow of Ohio, senior Republican member of the Appropriations Committee.

However, the amendment already had gained the support of some important Democrats, including Chairman Wilbur D. Mills of Arkansas, whose Ways and Means Committee has piggybacked a Johnson tax increase proposal pending spending cuts.

Some administration supporters were holding out for the Johnson position that Congress should finish work on the appropriation bills, then give the departments a chance to work out reductions. But the Johnson forces had virtually written off the House, hoping the Senate would deal more gently with the budget and that a compromise could be worked out.

Congress is pressing against a deadline. The basic bill on which the budget provisions have been loaded would continue for a month temporary financing of government agencies whose regular appropriations are still pending.

Mrs. Bill Freeman, the former Ann Sutton, daughter of Mr. and Mrs. Claud Sutton of Hope, has been picked by War Memorial Stadium Manager Alan Berry to do the art work in the end zones for the Arkansas-Texas game this weekend.

American Wins Nobel Prize

STOCKHOLM, Sweden (AP) —

The 1967 Nobel prize for physiology or medicine was awarded jointly today to Ragnar Granit of Sweden, Haldan Keffer Hartline of Boston, Mass., and George Wald of Harvard University.

The three scientists were cited by the awarding Royal Caroline Institute medical faculty for "their discoveries concerning the primary chemical and physiological visual processes in the eye."

The prize sum this year amounts to \$62,000 to be shared equally among the trio.

Red Ambush Kills 58 Americans

By ROBERT TUCKMAN
Associated Press Writer

SAIGON (AP) — A veteran Communist regiment ambushed two companies of the U.S. 1st Infantry Division in canopied jungles 41 miles north of Saigon Tuesday. After a day of fierce fighting, 58 Americans and at least 103 Communists had been killed and 61 Americans were wounded.

The battle took a costly toll of U.S. officers. Among them were Maj. Don W. Hollender, voted most valuable player on Army's 1955 football team, and Lt. Col. Terry Allen Jr., whose father commanded the 1st Division in Tunisia and Sicily in World War II.

Hollender, a brigade operations officer, had replaced Allen in command of a battalion after the latter was killed. A battalion intelligence officer and a platoon commander also were killed and two company commanders were wounded.

A fresh battalion was sent into the jungle area this morning but made no contact with the enemy.

Over North Vietnam, meanwhile, U.S. planes flew close to Red China Tuesday to attack the Lang Son railroad bridge 10 miles from the frontier and the Lang Glai railroad yards 20 miles south of the border.

The U.S. Command said four American planes were lost—three Air Force F105 Thunderchiefs and one A4 Navy Skyhawk. This raised the total of U.S. planes announced lost 18 combat over the North to 705.

Hanoi claimed five planes were shot down Tuesday.

As the pace of the war quickened, there were these other developments:

1. The Australian Destroyer Perth came under one of the heaviest coastal shellings of the war off North Vietnam and one hit wounded four of her crewmen. North Vietnamese shore batteries fired an estimated 300 rounds at the Perth, which arrived for duty off Vietnam a month ago.

2. South Korean Marines reported 431 enemy troops killed and 16 captured on the Batangan Peninsula about 350 miles northeast of Saigon in a sweep that began Sept. 5 about 12 miles southeast of the allied base at Chu Lai. The area has been a Communist stronghold for 20 years and an important water supply route for the Reds, a Korean spokesman said. Korean casualties were termed light in the operation.

3. Infantrymen of the U.S. 9th Division, continuing a search of a vast tunnel complex 30 miles east of Saigon, uncovered more enemy weapons and munitions. The huge cache so far has yielded 1,150 weapons and 142,500 rounds of ammunition, division officers reported.

Sentences of 40 Years Recommended

LITTLE ROCK (AP) — An all-male jury that included one Negro recommended sentences of 40 years in prison for three Negro brothers Tuesday after finding them guilty of raping a 74-year-old white woman July 1 on a Pulaski County road near Scott.

The jury reported that it had deadlocked 11-1 after two hours and 10 minutes of deliberation, but returned a verdict 20 minutes later against Eddie Manning, 17, H. L. Manning, 21, both of Attnidge, and Arthur Lee Manning, 22, of Scott.

A rape charge against a fourth defendant, Jessie Jones, 22, a Negro of Scott, was dismissed by Circuit Judge William Kirby on grounds of insufficient evidence.

Jones immediately was charged with assault with intent to rape by Chief Deputy Pros. Atty. James R. Howard, who recommended that Jones be held on \$5,000 bond.

The state, represented by Howard and Deputy Pros. Atty. James H. Harrison Jr., had asked for the death penalty for all four defendants.

Contract for Crossett School

HOPE, Ark. (AP) — The Crossett school board awarded a \$414,192 contract to Buck Carter and son of Crossett Tuesday for construction of a 22-room, air-conditioned elementary school.

Asks Approval of Stock Deal

LITTLE ROCK (AP) — The United Telephone Co. asked the state Public Service Commission Tuesday to approve a stock transaction needed to finance improvement of its facilities.

The company serves 11 communities in Northeast Arkansas. It said the stock transaction would be used to repay a \$2.1 million advance for its parent company, United Utilities, and to finance other improvements to the company plans.
